# GREEN CROYDON

This map shows where Croydon's green open spaces are. Walking routes and some paths and tracks are shown, but it is not a definitive or complete map.

Many sites have their own leaflet with more detailed information. You can find these in your nearest library, in the Visitor Information Centre next to East Croydon Station, or from Croydon Council's Community Partnership Officer: (020 8726 6900), [partners@croydon.gov.uk](mailto:partners@croydon.gov.uk)

Follow the Countryside Code  
We are fortunate to have so much green space in Croydon. Please look after our green spaces and make sure everyone can enjoy them.

- don't trample any animals, birds, plants or trees
- please take your litter home
- please control your dog
- please close gates if sheep or cows are grazing

For the full Countryside Code visit [www.countrysidecode.gov.uk](http://www.countrysidecode.gov.uk)
